Re: Diversion of Flood Runoff Waters for
Testing Pads No. 2 (low grade) and 7

Dear Mr. King:

Pursuant to the conditions for testing of Pad Nos. 2 (low grade) and 7, as stated in our letter of November 27, 1989, the flood diversion efforts made to date were inspected on August 15, 1990 by Mr. Dave Rupp of our staff. The information you furnished to us by your letter dated May 30, 1990 has also been reviewed. Based upon the foregoing the diversion efforts are approved.

Attached is a stamped approved copy of your submittal. If you have any questions on this issue feel free to contact Mr. Dave Rupp.

Sincerely,

Don A. Ostler, P.E.
